# Continuing Education Courses and Programs, Fall, 1982

This fall, UMass/Boston's Division of Continuing Education will offer a diverse schedule of undergraduate courses for credit at six convenient off-campus locations, graduate courses in several fields at the Huntington Avenue and Harbor campuses, and a variety of credit and non-credit special programs both on- and off-campus. Listings of undergraduate courses begin on p. 4 of this bulletin, listings of graduate courses on p. 5, listings and descriptions of special programs on p. 7. An academic calendar and a registration schedule appear below, followed by information about admission to Continuing Education courses and about registration procedures. On p. 8 is a registration form.

Undergraduate courses will be offered at:

Boston City Hospital
818 Harrison Avenue, Boston

Braintree High School
128 Town Road, Braintree

Jackson-Mann Community School
500 Cambridge Street, Allston

Medford High School
489 Winthrop Street, Medford

Peabody Neighborhood Council
44 Linnaean Street, Cambridge

West Roxbury Community High School
1205 V.F.W. Parkway, West Roxbury

Both undergraduate and graduate courses offered for credit through the Division of Continuing Education are equivalent in method and content to other courses offered by the University.

Throughout the year, Continuing Education also sponsors, for organizations, agencies, and groups, credit and non-credit programs to meet identified needs in the areas of professional development, personal enrichment, or civic responsibility. Continuing Education programs, both in their flexibility and in their scope, exemplify UMass/Boston's efforts to bring the benefits of a major urban public university to all citizens of greater Boston and the Commonwealth.

## Admission to Continuing Education Courses

Students who have graduated from high school or who have earned certificates of general educational development are welcome to take Continuing Education courses offered by the University of Massachusetts at Boston. College-bound high school juniors and seniors interested in beginning their college educations are also invited to take Continuing Education courses.

The University assumes that students registering for undergraduate courses will accurately assess their ability to do college-level work. Students should be aware, however, that they are responsible for meeting prerequisites for certain courses, and that they will be required to take a diagnostic test to ensure proper placement in mathematics courses. (For information about this test, see "Academic Regulations" below.)

To be admitted to any graduate-level course, a student must have earned a Bachelor's degree, unless other requirements are specified in this bulletin or unless written permission is obtained from the faculty member teaching the course. Students interested in taking graduate-level courses should be aware that there are prerequisites for certain courses and that admission to certain courses is restricted.

Prerequisites for individual courses are identified in the schedule listings. Further information about admission to graduate-level courses can be found in the section of this bulletin describing graduate course offerings.

Enrollment in Continuing Education courses does not imply acceptance into a degree program at the University of Massachusetts at Boston. Any student wishing to matriculate at the University must submit an application through the University's Admissions Office. (If the student does matriculate, as many as sixteen undergraduate credits or six graduate credits earned in Continuing Education courses may be counted toward degree requirements.)

## Registration for Continuing Education Courses

### Advance Registration by Mail

To register by mail for a course or courses offered at any UMass/Boston location, fill out the registration form included in this bulletin and send the form to:

Division of Continuing Education
University of Massachusetts at Boston
625 Huntington Avenue
Boston, MA 02115

Registrations will be accepted on the basis of available space. Full payment must accompany the registration form (see "Fees and Payments" below).

### Advance Registration by Telephone

Students wishing to pay course and service fees by using MasterCard or VISA may register by telephone. To register by telephone for a course or courses offered at any UMass/Boston location, simply call 734-7111. Verification of your registration will be sent to you about four days after you register.

*Note: Unfortunately, telephone registration is available only to students wishing to pay course and service fees by using MasterCard or VISA.*

### Walk-In Registration

Students who would rather register in person may do so at each off-campus UMass/Boston location on the dates and at the times listed in the Academic Calendar. Walk-In Registration will take place at the Office of Registration and Records at the Harbor Campus or the Continuing Education office at the Huntington Avenue Campus at the following times.

**Harbor Campus**
Administration Building, 1st Floor
M–Th, 8:00 a.m.–6:00 p.m.; F, 9:00 a.m.–5:00 p.m.

**Huntington Avenue Campus**
Administration Building, Room 110
M–Th, 9:00 a.m.–8:00 p.m.; F, 9:00 a.m.–4:30 p.m.

### Late Registration

Late Registration will take place at each UMass/Boston location, on- or off-campus, during the periods listed in the Academic Calendar. Students registering during these periods must pay a $20.00 late registration fee.

### Further Information

For further information about registering for Fall, 1982, Continuing Education courses, call the Division of Continuing Education at 734-7111 or 731-4012.

# Fees and Payments

## Course Fees

| | |
|---|---|
| Undergraduate | $47.50 per credit |
| Graduate | $60.00 per credit |

## Service Fees

**All Students**

| | |
|---|---|
| Registration Fee | $10.00 |
| Late Registration Fee (when applicable) | $20.00 |
| Bad Check Fee (when applicable) | $20.00 |

**Harbor and Huntington Avenue Campus Students Only**

| | 1–6 credits | 7+ credits |
|---|---|---|
| Student Health Fee | $15.00 | $30.00 |
| Student Activities Fee | $11.50 | $23.00 |
| Student Athletics Fee | $6.25 | $12.50 |

## Payment of Course and Service Fees

*Students must pay in full before their registrations will be accepted.* No payment will be accepted after the Add/Drop deadline of the session for which payment is intended. Students may use the following methods to make payment:

**Check:**

Please make out a separate check to cover the course fee for each course being requested, and a separate check for total service fees. Submission of a separate check payment for each course allows the University to return payment immediately for an individual course that is no longer available when payment is received. Any student who combines payment into one check does so at the risk of having the entire application returned or waiting for a refund until after the Add/Drop deadline.

Make checks payable to the University of Massachusetts.

A payment of course and service fees made with an unacceptable check will result in the cancellation of the student's registration. The University *cannot* redeposit returned checks. For assistance in re-registering, contact the Continuing Education Office. A penalty fee of $20.00 must be paid at the time of re-registration.

**MasterCard or VISA:**

The University of Massachusetts at Boston will accept payment by MasterCard or VISA for all course and service fees. *The minimum acceptable MasterCard or VISA payment is $25.00.* Please fill out the appropriate section of the registration form when registering by mail.

**Cash:**

Cash payments must be made at the Bursar's Office at the Harbor Campus only. (Administration Building, 2nd Floor: M–F, 9 a.m.–3:30 p.m.)

*Note: Cash payments will not be accepted at the Huntington Avenue Campus or at any other UMass/Boston location.*

## Lab Fees

Lab fees must be paid for certain courses as indicated in the schedule listings. The amounts of fees appear under schedule numbers for those courses requiring fees. The lab fee for each course must be paid at the time of registration.

## Student I.D. Cards

On-campus students are required to carry I.D. cards for the use of such facilities as libraries and the Clark Athletic Center. Cards may be obtained at the Harbor Campus through the I.D. Office (Building One, 4th Floor, Room 064) from 9:00 a.m. to 12:00 noon and 1:00 p.m. to 4:00 p.m. The charge is $2.00. Off-campus students not paying service fees may obtain, at the I.D. Office, special I.D. cards for the use of on-campus libraries. The charge for these cards is also $2.00.

## Payment by Outside Agencies

If a student's bill is to be paid by an outside agency, a payment authorization from that agency must accompany his or her registration.

## Cancellations

The University reserves the right to cancel any course. The course fee will be refunded in full to any student who pays for a course that is subsequently cancelled. If all courses for which the student is registered are cancelled, service fees will also be refunded.

## Refunds

A student who *withdraws* from a course will be granted a refund according to the schedule below. Non-attendance does not constitute withdrawal. See "Withdrawing from Courses" under "Academic Regulations" below.

| | |
|---|---|
| Withdrawal before first scheduled meeting | 100% |
| Withdrawal before second scheduled meeting | 90% |
| Withdrawal thereafter | No Refund |

Whenever a refund is due, either because the student wishing the refund has withdrawn from a course or because the University has cancelled the course, the student must initiate the refund procedure by notifying the Division of Continuing Education.

The amounts of all refunds are computed on the basis of withdrawal dates established by the Division of Continuing Education.

If a student has made a payment with MasterCard or VISA, the refund must be returned as a credit to the student's MasterCard or VISA account.

Unless a course has been cancelled by the University, the $10 registration fee is not refundable.

# Academic Regulations

## Credit

All Continuing Education courses carrying credit are equivalent in method and content to regular University courses. Credits earned in these courses may be applied toward UMass/Boston degree requirements* and are ordinarily accepted as transfer credit by other colleges.

*A maximum of sixteen undergraduate credits or six graduate credits earned by students who have not matriculated may be applied toward degree requirements if these students are later admitted to the University.

## Maximum Course Load

No Continuing Education student may register for more than fifteen credits without written permission in advance from the Associate Provost for Continuing Education. Students carrying more than fifteen credits without such permission will be withdrawn from those courses constituting the overload.

## Adding and Dropping Courses

Students may add and drop courses during the periods specified in the Academic Calendar that appears in this bulletin. Information about the procedures for adding and dropping courses will be available at registration locations.

## Withdrawing from Courses

Any student withdrawing from a course after the Add/Drop deadline receives a grade of "W" for that course. Withdrawal forms are available at the registration office at either the Harbor or Huntington Avenue campus. Information about the withdrawal procedure will be available at these offices. No withdrawal forms will be accepted after 4:00 p.m. on the last day of the withdrawal period. Refunds will be processed if due. (See the refund schedule under "Fees and Payments" above.)

## Math Diagnosis

It is greatly to the advantage of the student to be placed in the proper mathematics course. *Students are advised to consult course descriptions for prerequisites and equivalents before registering for mathematics courses.* (Course descriptions will be available at registration locations.) To ensure placement in the right course, each student must take a Math Diagnostic Test before being admitted to a course that requires this test as indicated in its description. This step will prevent loss of time in switching courses or obtaining refunds after classes have begun. The test will be given at off-campus locations on the dates and at the times set forth in the off-campus registration schedule.

*Note: Students registering by mail may preregister for desired mathematics courses with the understanding that a subsequent change in courses, as indicated by the Math Diagnostic Test, may occur.*

## Grades

Letter grades reported by instructors are given numerical values according to the following chart.

| | |
|---|---|
| **A** | 4.0 |
| **A–** | 3.75 |
| **B+** | 3.25 |
| **B** | 3.0 |
| **B–** | 2.75 |
| **C+** | 2.25 |
| **C** | 2.0 |
| **C–** | 1.75 |
| **D+** | 1.25 |
| **D** | 1.0 |
| **D–** | .75 |
| **F** | .00 |
| **Inc** | Incomplete |
| **Y** | Interim grade in a declared year long course |

The grade of Incomplete is reported only if personal circumstances of extreme difficulty, such as serious illness, have kept a student from completing a portion of his or her required classwork or from taking a final examination, or if an instructor requests that an Incomplete be given for scholarly reasons. If a student's record is such that he or she would fail a course regardless of the quality of work yet to be done, an "F" will be reported.

A student can obtain credit for an Incomplete only by finishing the work of the course within one calendar year (by the end of the next fall semester, for fall Incompletes, or the end of the next spring semester, for spring Incompletes). If the work is not completed within the one-year limit, the grade will be changed to an "F." The initiative for removal of the Incomplete grade rests with the student.

An Incomplete on a final grade report is not represented in the student's temporary grade point average. When the Incomplete is later converted to a grade, the average is calculated again and the student is notified.

Once a grade is submitted, it cannot be changed except by approval of the department chairperson or program director.

## Transcripts

All students who wish transcripts of their grades sent to other schools must complete transcript requests in the Office of Registration and Records. Matriculated UMass/Boston students receive transcripts under the present University policy: the first two transcripts are free, each additional transcript costs $1.00. A non-matriculated student will receive one free transcript, with each additional copy costing $1.00

## Emergency Cancellations

When classes and activities held at the Harbor or Huntington Avenue campuses are cancelled because of snow or other emergencies, the University will announce cancellations beginning at 6:00 a.m. on radio stations WBZ-AM (1030), WHDH-AM (850), WEEI-AM (590), WEZE-AM (1260), WITS-AM (1510), and WBCN-FM (104.1). WCVB-TV (Channel 5) will also carry cancellation announcements 6:00–7:00 a.m., Monday through Friday.

*Note: Students in off-campus programs should listen for radio announcements concerning closing of the site locations or call the site locations for information.*

## ESL Courses at Peabody Neighborhood Council

The program in English as a Second Language (ESL) serves the linguistic and advising needs of students whose first language is not English. Three levels of ESL are offered this fall. To determine the appropriate level, students who have never taken an ESL course at UMass/Boston must take the Michigan Test of English Language Proficiency before enrolling in any ESL course. The test may be taken on the day of registration, September 9, from 6:00 p.m. to 8:00 p.m., or any weekday by appointment in the English Department at UMass/Boston, Harbor Campus, at no charge. For further information or to make an appointment, call 929-8300.

# Graduate Programs Formerly Offered at Boston State College

## Students Please Note:

The graduate programs formerly offered through the Program of Continuing Education at Boston State College have been undergoing reviews. The reviews of five programs are nearly complete. Students may apply for admission to these programs through the Admissions Office at the Harbor Campus. The programs are:

**Master of Education**
Bilingual/Multicultural Studies
English as a Second Language
Special Education

**Certification**
Mild Special Needs
Moderate Special Needs

The following programs require further review; no new applications for admission to them are being accepted. Any student interested in one of these programs should ask the Admissions Office at the Harbor Campus to notify him or her of the outcome of the review of that program.

**Master of Science**
Public Affairs

**Master of Education**
Counselor Training
Educational Administration
Elementary Education
Instructional Media
Reading: Elementary
Reading: Secondary
School Psychology

Teaching a Subject in Secondary School

## All CAGS Programs other than the Program in Earth Science

The following programs have been discontinued:

**Career Education**

**CAGS in Earth Science**

Matriculated graduate students still within time limits in all the programs listed above as well as those in graduate programs discontinued by Boston State College prior to consolidation are being permitted to complete their programs within a reasonable length of time. In the fall semester of 1982 courses applicable to the programs are being scheduled through the regular program of the University as well as through the Division of Continuing Education.

## Admission to Graduate Courses

Any student who has earned a Bachelor's degree but who has not matriculated as a graduate student at the University may register as a special student for graduate courses. Successful completion of such courses does not, however, guarantee that the credits earned will count toward the requirements of a graduate degree program to which the student may later be admitted. University policy permits a student to apply no more than six graduate credits earned before matriculation to graduate degree requirements; to apply such credits to degree requirements, the student must obtain the approval of his or her graduate program director.

## Registration for Courses Offered through the Regular University Program

Matriculated students wishing to register for the graduate courses offered through the University's regular program, and listed below, should see their graduate program directors. Any nonmatriculated student wishing to register for one of these courses as a special student should obtain a registration form at the Office of Registration and Records (first floor, Administration Building, Harbor Campus) and should go, on the first day of class, to the classroom in which the course will be offered. The instructor will enroll the student, following the "Add" procedure. A bill will be mailed later.

*Note: Courses offered through the regular University program begin August 31.*

## Registratration for Courses Offered through the Division of Continuing Education

Both matriculated and nonmatriculated students wishing to register for graduate courses offered through the Division of Continuing Education should follow the procedures described at the beginning of this bulletin.

# Schedule of Graduate Courses

| Dept. Code, No., Title | Day(s), Time, Lab Fee, Crs., Sched No. |
|---|---|

*Note. Courses offered through the University's regular program and courses offered through the Division of Continuing Education are listed in separate groups under program headings. Students should be sure to follow the appropriate procedures (see above) when registering for these courses. Most graduate courses listed in this bulletin will meet at the Huntington Avenue Campus. Exceptions are noted in the schedule listings.*

## The RN/BSN Program: A Bachelor of Science in Nursing Program for RN's

The Division of Continuing Education offers a part-time BSN degree program for registered nurses. This accredited baccalaureate program is an upper-division sequence of 54 credit hours of nursing course work built on a broad liberal arts base. A total of 121 credit hours is required for graduation.

RN/BSN candidates may, at their own pace, complete liberal arts and science courses. In addition, RN/BSN candidates are required to pass three NLN examinations in nursing, medical-surgical nursing, parent-child health nursing, and pharmacology before beginning the upper-division professional courses.

The professional courses to be offered this fall are:

**Nurs 305**
**Health Assessment I**

Lecture: W 4:00–7:00 p.m.
Lab and Clinical Practicum: To be announced
Orientation: 9/8/82, 4:00–7:00 p.m.
4 credits
42305-41

This course is open only to degree candidates or to others who have obtained the consent of the program director. The course fee is $500, payable in full at the time of registration. To register, please see Sarah Stanley, Room 110, Administration Building, Huntington Avenue Campus.

**Nurs 401**
**Clinical Application of Nursing Theory II**

Lecture: W 4:00–7:00 p.m.
Seminar and 16 hours per week of Clinical Practicum: To be announced
Orientation: 9/8/82, 9:00 a.m.–7:00 p.m.
Orientation to clinical agency: 9/13, 9/14/82, 9:00 a.m.–5:00 p.m.
10 credits
42401-41

This course is open only to degree candidates or to others who have obtained the consent of the program director. The course fee is $1,000. An optional deferred payment plan is available. To register, please see Sarah Stanley, Room 110, Administration Building, Huntington Avenue Campus.

**Nurs 403**
**Professional Issues I**

T 4:00–7:00 p.m.
First day of class: 9/7/82
3 credits
42403-41

This course is open only to degree candidates or to others who have obtained the consent of the program director. The course fee is $47.50 per credit. To register, follow the procedure described at the beginning of this bulletin.

## Video Instructional Program in Engineering

The Division of Continuing Education at UMass/Boston, in cooperation with the Office of Extended Engineering Education of the School of Engineering at UMass/Amherst, will participate in the Videotape Instructional Program this fall.

The Videotape Instructional Program offers students in industry the opportunity to acquire state-of-the-art education and training in a variety of engineering disciplines. Courses taught by the School of Engineering's resident graduate faculty before a critical and interactive on-campus audience are recorded on videotape. Each week approximately three hours of taped lectures will be presented at the Harbor Campus, and course outlines, instructions for homework, and examinations will be distributed. Faculty at the School of Engineering have reserved telephone office hours to answer particular questions. Most courses last up to 14 weeks and carry three UMass/Amherst resident credits. Individuals participating in the Videotape Instructional Program may seek admission to the M.S. in Electrical Engineering program or the M.S. in Engineering Management program at UMass/Amherst. All requirements for both degrees may be met by courses offered through the Videotape Instructional Program. Credits earned through participation in the Videotape Instructional program are also, normally, transferable to other institutions of higher education.

The following courses are available during the fall semester.

Introduction to Programming in COBOL
Introduction to Programming in FORTRAN
Introduction to Programming in PASCAL

### Course Numbering System

200–499: undergraduate
500–599. combined graduate and undergraduate
600–899: graduate

*Note: The School of Engineering reserves the right to cancel, postpone or combine courses, or to change faculty.*

The course fee for each three-credit course is $500. The course fee for each non-credit course is $200. Courses in which fewer than five persons have enrolled will be cancelled.

For more information about the courses and registration, please contact Burton Holmes at (617) 731-0487.

## Training for Emergency Medical Technicians (Fire Sci 312)

This six credit course includes classroom and hospital emergency room training in dealing with medical emergencies, in professional assessment, in the proper use of life-saving equipment, and in emergency treatment of victims. CPR certification is also a component of the course.

Classes will begin the week of September 7 and continue through December 23, meeting Tuesdays and Thursdays from 6:30 p.m. to 9:45 p.m. at the Huntington Avenue Campus

Cost: $300 (includes course fee and cost of all materials)

Registration deadline: September 3

*Please note: Fees will be returned only if registration is cancelled on or before September 3.*
Schedule #37312-41

## Alcoholism Treatment Services

The Alcoholism Treatment Services Certificate Program is designed for those working or interested in working in the treatment of alcoholism. Participants will:

- receive classroom and field experience in the various approaches to treating alcoholism;
- become familiar with the management and operation of alcoholism rehabilitation and detoxification centers;
- learn how to assess community needs and to act as leaders in alcoholism treatment services and administration.

This non-credit program consists of four required courses and a required practicum. The program offers two additional courses that may be taken by persons wishing to continue their professional development in the field of alcoholism treatment services. Each course carries 3 Continuing Education Units (CEU's); the practicum carries 10 CEU's. Each participant completing the program will receive a certificate.

The following courses will be offered on the Huntington Avenue Campus during the fall semester of 1982, from September 7 through December 18.

| Course Title | Day, Time CEU's, Schedule No. |
